Workforce Solutions Borderplex Recruiting Youth For 2nd Cohort of Reboot 2.0 Program

El Paso, Texas (March 29, 2019) – Workforce Solutions Borderplex (WSB) is recruiting youth to take part in the 2nd cohort of the Reboot 2.0 program. Reboot 2.0 is a special information technology training initiative for youth 16-24 years of age, who have not completed high school and/or are currently not attending school. The 11-week course provides its youth participants with the tools to earn the highly coveted CompTIA A+ information technology certification, while attaining the experience and skillsets towards becoming an IT expert.

The course is FREE for eligible youth and they will also earn an allowance for attending class. Youth participants will gain valuable work experience in a fun, interactive setting with supportive instructors who will challenge and motivate their students to succeed. The Reboot 2.0 program provides youth who are lacking direction with the opportunity to discover a viable pathway to exciting jobs, further education and entrepreneurship, setting them on a path to a meaningful livelihood.

Space is limited for the next cohort, which kicks off in mid-June, so interested youth are encouraged to contact Workforce Solutions Borderplex today, to set up an appointment to determine eligibility and register for the program. For more information about the Reboot 2.0 program, please contact Lucio Glenn at Lucio.Glenn@borderplexjobs.com.
